TRUSTY DROPS FROM SIGHT

George Baker Missed from Prison by Lincoln Authorities.

NO JURY IN MORLEY CASE

Day Spent Seeking to Get Men to Try Man Who Made Break from Prison—State Cash is Low.

(From a Staff Correspondent.) LINCOLN, May 1.—(Special Telegram.)—George Baker, a trusty employed in the stable, inside the walls of the penitentiary, disappeared yesterday afternoon and has not been located. It is thought by the prison officials that he is in hiding somewhere within the prison walls, a not uncommon occurrence, and that the cravings of hunger or thirst sooner or later will bring him out. He was missed at roll call last night and a strict watch has been kept since to see that he does not escape. He was sent up from Dixon county August 1, 1911, for a two-year term, the charge being burglary.

Henry Richmond, democratic candidate for auditor, today filed a statement that he expended nothing except his filing fee to obtain the nomination.

Seeking to Get Jury. The entire day was consumed today in an effort to obtain a jury in the Morley case, accused of the murder of Warden Delahanty at the penitentiary. His mother, Mrs. Alice Ramsey of Missouri, was a spectator. She sat in the court room all day with a handkerchief to her eyes. Morley appears to be in good spirits and manifests a lively interest in the questioning of the jurors.

The thirty-eighth annual session of the Nebraska State Homeopathic association is being held in Lincoln. Dr. O. S. Wood of Omaha, the only surviving charter member of the association, is in attendance. Discussion of technical subjects occupied the time.

Union Pacific Hearings. The railway commission will have the concluding hearing on the Union Pacific valuation May 8. The commission also permitted the Northwestern road to make a rate of 3 1/2 cents per 100 pounds on brick from Fremont to Lincoln to make the rate the same as that from Lincoln to Fremont.

Lincoln health authorities announce that arrests will be made daily of all fruit dealers who fail to comply with the regulations concerning fruits offered for sale. The principal difficulty a failure to protect fruit from dirt and insects.

Judge Cosgrave has announced that hereafter except in unusual cases he will refuse to permit women who are granted divorces to resume their maiden names.

The excise board met this morning and granted twenty-two saloon licenses. The limit is twenty-five and as there are twenty-six applicants one of them must be refused. As the old licenses expired at 8 o'clock last night some of the thirty were forced to suffer until about 10 a. m. before the new licenses were granted.

Report of Treasurer.

The report of State Treasurer W. A. George for the month of April shows that the general fund is still down to near the zero point and that money in the permanent school funds, which is used to cash warrants until funds accumulate in the general fund, is also low. Unless county treasurers remit promptly it will be necessary before long to register state warrants. The temporary school fund amounts to \$329,262.53. There will be some additions to this before the semi-annual appointment is made to the public schools in May, which probably will bring it up to about the same amount as last year, when it was \$379,000.

J. K. REMMERS OF WYMORE KICKED TO DEATH BY HORSE

WYMORE, Neb., May 1.—(Special.)—John K. Remmers, aged 72 years, was killed almost instantly yesterday afternoon by the kick of a horse. The old gentleman was holding the animal, letting it graze on the lawn, when in play it kicked up its heels. One hoof struck Mr. Remmers directly over the heart and death ensued in a few minutes. Mr. Remmers was born in Germany, coming to Illinois fifty years ago. After a year's residence the family moved to Missouri, living there eighteen years. Thirty years ago they came to this vicinity, buying a farm a few miles south of Wymore. Mr. Remmers moved to Wymore about a year ago. His wife died in July, 1911. Two sons and two daughters survive. They are Claus and John Remmers and Mrs. Henry Tjaden and Mrs. Emma Tjaden, all of this city. The funeral will be held tomorrow at the German church south of Wymore.

Shallenberger Spends Much Cash in Race

(From a Staff Correspondent.) LINCOLN, May 1.—(Special.)—Related expense accounts of candidates at the April primary continue to be received at the office of the secretary of state. The most notable one was that of A. C. Shallenberger, democrat, for United States senator, like his competitor, W. H. Thompson, he exceeded the limit permitted of state candidates. In fact Mr. Shallenberger tops the list for amount expended if the statements filed by candidates are to be believed. The Alma man admits disbursing \$882.36, while under the law the amount state candidates are permitted to expend is \$500. Some question has been raised, however, whether the state law governs in this case, it being a federal office, but politicians are thinking it would be an interesting point in case Shallenberger should be elected.

Fred Vopel confessed to having expended \$75.00 in the vain effort to be elected at large to the democratic convention and R. L. Keister put \$400.50 into a losing campaign for congress in the fifth district. R. D. Sutherland obtained the democratic nomination in that district by spending \$19 for filing fee and \$5 in addition. C. A. White thought it was worth \$10 to file as prohibition candidate for congress in the fourth district.

The afternoon session was an open one and presided over by Deputy Grand Master T. W. Haas, Judge J. R. Dean delivering the address of the day. The program was particularly attractive and replete with instructive talks, able discourses and good music. At 5:30 a banquet under the supervision of the local lodge of Broken Bow was served to the members and their guests. The evening session was closed and given over to business and degree work. Before the session ended it was decided to make these anniversaries an annual affair and one representative from each lodge in the district will be chosen, the whole to form a committee on location and program.

GRAY HAIR SIGN OF AGE. EASY WAY TO RESTORE COLOR

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion. All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other vegetable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed and your hair will no longer come out, but will start to grow as Nature intended it should. Do not neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give you money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance. Agent, Sherman & McConnell Drug Co.
